### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Eric Hyman on 3/18/04.

2. The application has been amended as follows:

- Claims 7, 9-11, 15 and 16 have been cancelled.
- In claim 5, line 3; "particles of 15" has been deleted and – particles of 5 – have been inserted.

3. The following is an examiner's statement of reasons for allowance: The instantly claimed invention is allowable over the cited prior art, because the cited prior art fails to disclose a core represented by the formula,  $LiA_{1-x}B_xC_yO_2$ , wherein the metal oxide is stabilized with a metal oxide shell formed on the core, and wherein the metal oxide is selected from a group consisting of Mg, Al, Co, K, Na, Ca, Mn, Ni, B, Sr, Ba, Ti, V, Cr, Fe, and Cu.

Li discloses an electrode material for rechargeable batteries and process for the preparation thereof. Li discloses a series of novel particulate stabilized lithiated compounds, which can be utilized as cathodic materials in lithium ion battery cells. Each particle of the material defines an inner lithiated metal oxide core, which acts as an intercalation cathode. An alkali metal ion conductor, which is preferably a lithium ion

conductor coating, which surrounds the core to stabilize the latter and to improve the electrochemical properties of the material. However, Li fails to disclose wherein the active metal core is stabilized with metal oxides selected from the instantly claimed metal oxides, which form a shell on the core of Formula one.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
